Welcome to the August 2022 edition of the CPOC newsletter,

We always welcome your thoughts on what you would like to see in our Newsletter. Contact us at [cpoc@rcoa.ac.uk](mailto:cpoc@rcoa.ac.uk).

**Centre for  
Perioperative Care**

*"CPOC are delighted to have been selected to work with HEE on developing the perioperative care medical and non-medical curriculum. This represents a major step in co-producing a modern, agile, skilled transprofessional workforce to help drive the transformational change required to deliver perioperative care pathways."*

**Dr David Selwyn**  
**CPOC Director**

## **CPOC commissioned by HEE to develop Perioperative Care Curriculum**

CPOC are delighted to announce that the Centre for Perioperative Care has been commissioned by Health Education England (HEE) to develop the multidisciplinary curricula for perioperative care.

The curriculum for both doctors and allied health professionals will be drafted over an 18 month period with experts from across the perioperative pathway.

CPOC will be convening a multispeciality and transprofessional working group to lead this work in the autumn.

## Guideline for the Management of Anaemia in the Perioperative Pathway 07 September 2022

Launch webinar 27 September 2022

---

# Welcome

**Dr Gregory Warren**  
*CPOC Fellow 2022*

Dr Greg Warren is pleased to join CPOC as the Fellow for 2022-2023. Greg is a registrar training in south west England. On completing a post graduate medical degree at Imperial College London, Greg worked in north east London before moving to Devon to complete his anaesthetic

training. His special interests include perioperative care, vascular anaesthesia and sustainable healthcare.

*"The move towards exceptional perioperative care requires breaking down traditional silos of work in order to deliver a cohesive care pathway and a partnership with patients. I am delighted to have been appointed as CPOC fellow for the forthcoming year and look forward to contributing to improving patient care, empowering workforces and reducing waste."*

**TRIPOM 2022 Conference**  
**Supported by CPOC, RCoA and Edwards**  
**22 September 2022**

## Professional Record Standards Body

As a key stakeholder, CPOC has endorsed the [Professional Records Standards Body \(PRSB\)](#), [Shared Decision Making Information Standard](#).

The PRSB information standard on shared decision making provides a framework for clinicians to record the decision-making process between themselves and their patients. The standard also allows the shared decision information to be shared between professionals and their different record systems. The standard has been developed based on the [GMC guidance](#) on shared decision-making and consent and the [NICE guidelines](#).

- Ⓒ The standard was developed with UK wide consultation and engagement to meet the needs of all four UK nations
- Ⓒ The standard is intended for all areas of healthcare except for the noted exclusions
- Ⓒ The standard covers all ages including children

## NHSE Webinar

### Implementing the elective recovery plan - early preoperative screening and optimisation

#### 14 October 2022

NHS England, in partnership with the Royal College of Anaesthetists, the Centre for Perioperative Care, the Royal College of Surgeons and the Faculty of Intensive Care Medicine, is hosting a webinar to discuss the introduction of early screening and risk assessment for people waiting for inpatient surgery to support health optimisation and to reduce complications and cancellations.

#### The webinar will include:

- An overview of the ambition and timescales for introducing early screening, risk assessment and optimisation for people waiting for inpatient procedures
- Case studies from trusts that are already implementing elements of these approaches
- Q & A and discussion to support next steps with implementation
